

RIFTS CHARACTER SHEET - CONTINUATION

Skills and character notes

Computer Repair: Actual repair or sabotage: 55% (+5% per level)
Mechanical Engineer: Repair, modification or construction: 60% (+5% per level)
Mechanical Engineer: Verify completed work: 60% (+5% per level)
Sensory Equipment: Passive sonar or radar ([U+2212]15%): 50% (+5% per level)

Character notes (continued)

trade labor;100000 list value per12 hours.
Ordinary parts/machine/vehicle repairs cost25%
of list plus typical30%-50% labor. Restoring
MDC costs1000 per point and cannot exceed
original. Brand-new vehicle/armor MDC
enhancement gains5% at
levels2/4/6/8/10/12/14; repair/enhancement
simulation remains descriptive. Descriptive
performance enhancements: speed20%,
weapon/sensor range10%, weight10%
reduction, one extra weapon feature per body
area without signature changes. Two additional
Mechanical choices; three Pilot choices; fixed
Basic and Blunt, one Modern WP; Expert costs1
and Martial Arts/Assassin2. Assassin evil
alignment is guidance. Human source creation
only; broader equipment identities, nonhuman
paths and robot/bionic construction remain
required. Major class psychic: three weighted
power choices, plus one at levels 4, 8 and 12.
Related skill counts are halved; Secondary is
unchanged. Natural potential and powers
remain additional, with one effective I.S.P.
reserve. (Rifts - Ultimate Edition, class rules
printed pp. 91, 92, 93).
Additional Mechanical skills: 0 of 2 distinct
related choices; 2 still required. Rifts - Ultimate
Edition, printed pp. 91, 92, 93, PDF pp. 94, 95,
96, Operator O.C.C. skills, bonuses and
abilities.

Computer Repair: Repair or sabotage computer
electronics. Determine the procedure, then
make a separate actual repair or sabotage
check at the same proficiency. Computer
Operation and Programming are neither
included nor required. (Rifts - Ultimate Edition,
pp. 91, 92, 93).

Electrical Engineer: Diagnose, repair, wire and
build complex electrical equipment. Requires
Advanced Mathematics and Literacy. Security
bypass penalties are -20% for simple and -50%
for complex systems, halved with Surveillance.
Alien, Techno-Wizard and Bio-Wizard
equipment carries -30% and may remain
beyond repair. (Rifts - Ultimate Edition, pp. 91,
92, 93).

Find Contraband: Locate illegal dealers and
services; understand underworld practices,
prices and penalties. Dealers typically pay only
20% of retail for contraband. Adds +10% to I.D.
Undercover Agents. (Rifts - Ultimate Edition, pp.
91, 92, 93).

Jury-Rig: Make temporary repairs or assemble
scrap components. Requires at least Basic
Mechanics and Basic Electronics; the respective

RIFTS CHARACTER SHEET - CONTINUATION

Skills and character notes

Engineer skill also qualifies. Electrical Engineer, Mechanical Engineer or Field Armorer adds +10% once. Reliability lasts 4D6 hours or 2D4

days as appropriate; a second failed check leaves half functionality. Temporary reliability and activity outcomes remain descriptive. (Rifts - Ultimate Edition, pp. 91, 92, 93).

Mechanical Engineer: Analyze, design, repair, build, modify or sabotage machinery. Make separate diagnostic, work and verification checks at the same proficiency. Requires Basic or Advanced Mathematics, Basic Electronics and Literacy; adds +5% once to Locksmith and Surveillance. Alien or unfamiliar machinery carries -30% and may remain beyond repair.

Field repairs require suitable tools, materials and time; situational penalties vary from -5% to -40%, and extensive work requires a workshop. (Rifts - Ultimate Edition, pp. 91, 92, 93).

Weapons Engineer: Maintain, repair, modify and install military-class weapons and their vehicle systems; includes battery/E-Clip recharging and welding. Requires Mechanical Engineer. The +1 strike bonus applies only when using heavy or vehicular weapon systems and is descriptive here; alien or experimental systems carry -30%.

Usually reserved for Operators and military specialists. Field repairs require suitable tools, materials and time; situational penalties vary from -5% to -40%, and extensive work requires a workshop. (Rifts - Ultimate Edition, pp. 91, 92, 93).

Recognize Machine Quality: Source-exclusive assessment of condition, fair price and suitability of vehicles, machines, parts, tools and electronics. (Rifts - Ultimate Edition, pp. 91, 92, 93).

Automobile: Drive manual or automatic cars, dune buggies, jeeps and small trucks. (Rifts - Ultimate Edition, pp. 91, 92, 93).

Hover Craft (Ground): Pilot ground hover vehicles, including basic hovercycles and hover trucks. Jumps, tricks, gunfire dodging and stunt driving carry -20%; movement rates and distances remain descriptive. (Rifts - Ultimate Edition, pp. 91, 92, 93).

Airplane: Pilot propeller aircraft with one or two engines. (Rifts - Ultimate Edition, pp. 91, 92, 93).

Class psychic status controls the single I.S.P. reserve and saving target. Natural powers are additional; their retained reserve is not added again.

Natural psionics: Not psychic; potential roll 83; save target 15 (attribute/class bonuses apply separately).

0 choices remaining; 0 categories selected (expected 0–0).

Class psychic powers: Major class psychic; save target 12 (attribute/class bonuses apply

RIFTS CHARACTER SHEET - CONTINUATION

Skills and character notes

separately).

Inner Strength Points: 37; {'starting-ME': 12,

'starting-dice': 11, 'Additional level 2': 5,

'Additional level 3': 2, 'Additional level 4': 7}

4 of 4 weighted choices used; 0 remaining.

Total Recall: Recall written, visual and spoken

information in detail. The class-specific cost is 2

I.S.P. per precisely recalled block. With no

I.S.P., roll percentile: 01-50 full detail, 51-80

ideas without details, and 81-100 basic

concepts only. Range: Self.; Duration:

Permanent.; I.S.P.: 2 (Rifts - Ultimate Edition,

Psi-Operator Total Recall cost exception).

Telemechanics: Communicate mentally with a

machine and understand its operation. Ordinary

machines provide 80% complete mechanical

knowledge; artificial intelligence provides 88%

skill knowledge of operation, repair, access, and

programming. This is a temporary

machine-specific psychic understanding, not

permanent acquisition of every engineering skill.

Range: Touch or up to 5 feet; Duration: 10

minutes +2 minutes per level; I.S.P.: 10; Saving

throw: None (Rifts - Ultimate Edition,

Telemechanics).

Telemechanic Mental Operation: Requires

Telemechanics. Mentally operate an ordinary

machine within range, including controls and

activation. Artificial intelligence, cybernetics,

bionics, magic items, Rune Weapons, and

Techno-Wizard devices are unaffected.

Concentration imposes -1 melee attack/action

and -5% skill performance; leaving range or

losing concentration returns the machine to

normal in 1D4 seconds. Range: 20 feet +5 feet

per level; Duration: 2 melee rounds per level;

I.S.P.: 12; Saving throw: Regular non-intelligent

machines cannot save (Rifts - Ultimate Edition,

Telemechanic Mental Operation).

Experience: 7301 XP.

Level-two advancement HP die: 5 (active).

Level-3 advancement HP die: 6 (active).

Level-4 advancement HP die: 2 (active).

Language: Native Tongue - English: learned at

level 1.

Mathematics: Basic: learned at level 1.

Computer Operation: learned at level 1.

RIFTS CHARACTER SHEET - CONTINUATION

Skills and character notes

Knee strike: 1D6 S.D.C.; 1 action(s). Ultimate Edition pp. 345, 348.

Body flip/throw: 1D6 S.D.C.; 1 action(s).

Ultimate Edition pp. 345, 348.

Combat conditions (Ultimate Edition pp. 341, 344–348, 361):

Shooting contexts are training examples; actual weapon modes, burst lengths, ammunition and capacity remain pending.

Gun shooting excludes P.P., general

hand-to-hand strike and strength damage

bonuses. Assassin's explicit gun-strike gains

apply separately from W.P.; bursts halve only

the W.P. contribution. Untrained shooters

cannot make aimed shots.

Gun dodge requires seeing the attacker and

knowing the shot is coming; subtract 10 within

10 feet or 5 within 50 feet. Athletics and

hand-to-hand dodge bonuses do not apply to

gunfire or energy blasts (p. 361).

Power punch uses two actions and doubles

base dice before adding the normal-human

strength bonus.

Other special hand-to-hand moves remain

pending.

Hand to Hand: Basic: Body flip/throw costs one

action; victim loses initiative and one attack. A

successful roll with impact halves the damage.

Hand to Hand: Basic, training level 3: Kick deals

1D8.

Physical S.D.C.: general-base: 16 (dice 1, 3);

operator: 12 (dice 4, 2); Rifts - Ultimate Edition,

printed pp. 287, PDF pp. 290, Starting physical

S.D.C. fallback; Rifts - Ultimate Edition, printed

pp. 92, PDF pp. 95, Operator additional class

physical SDC.

Hit Points: starting-pe: 11; level-one: 6 (dice 6);

Level 2: 5 (dice 5); Level 3: 6 (dice 6); Level 4: 2

(dice 2); Rifts - Ultimate Edition, printed pp. 287,

PDF pp. 290, Starting Hit Points; Rifts - Ultimate

Edition, printed pp. 92, 287, 295, 300, PDF pp.

95, 290, 298, 303, Operator XP and skill

advancement.

Perception O.C.C. bonus: +2 (Rifts - Ultimate

Edition, pp. 91, 92, 93). Other Perception

contributions remain separate.

Saving fields show reviewed bonuses.

Save vs illusions: +0; Save vs disease: +2; Save

vs pain: +0; Save vs fatigue: +2

The P.E. magic bonus does not apply to

demonic curses or possession.

High-M.E. possession bonuses are restricted to

specified supernatural beings; they are not

granted to this ordinary Human path.

W.P. Blunt: strike 2; parry 4

W.P. Blunt: thrown strike 0
