Ley lines interfere with these senses.
Ambidextrous and Paired Weapons;
balance80%+2 per level. Leaps, psychic
nourishment and temporary MDC remain
source-described situational abilities. Normal
physical HP/SDC are retained outside those
situations. Psychic nourishment requires at
least50PPE/ISP weekly; little solid food or
water. Consume energy from
psychic/magic/supernatural prey. Ley-line
energy is an unpleasant emergency substitute;
starvation and temporary MDC conditions
remain descriptive. Animal empathy adds15 to
acquired riding, horse taming and domestic
animal handling checks once. Predatory/feline
exceptions and contextual roping/medical
checks remain descriptive; the affinity itself
permits riding nonpredatory mounts without
silently granting a learned Horsemanship skill.
Six Sensitive psychic choices; inherent senses
remain distinct. Master psychic save target6.
ISP starts at M.E.+1D6x10+10, interpreting
each level literally, then gains10 at each later
level. Assassin training is source-restricted to
evil alignments; guidance remains
honor-system. Weapon catalog is bounded;
supported Ancient choices include Knife, Sword,
Blunt and Spear. (Rifts - Ultimate Edition, class
rules printed pp. 154, 155).
Climbing: Climb sheer surfaces with appropriate
tools and techniques; rappelling includes
ascending and descending with ropes. Roll
every 20 feet; two consecutive failures cause a
fall. (Rifts - Ultimate Edition, pp. 154, 155).
Prowl: Move quietly and carefully using balance,
positioning, low visibility and crawling. Failure
reveals the character; successful stealth may
permit a sneak attack. Listed in both Rogue and
Physical; use one identity and the Rogue
entitlement for these two classes. (Rifts -
Ultimate Edition, pp. 154, 155).
Hover Craft (Ground): Pilot ground hover
vehicles, including basic hovercycles and hover
trucks. Jumps, tricks, gunfire dodging and stunt
driving carry -20%; movement rates and
distances remain descriptive. (Rifts - Ultimate
Edition, pp. 154, 155).
Weapon Systems: Operate military vehicle,
robot and power armor weapons, including

Skills and character notes

turrets, missiles, lasers and rail guns. The +1 strike bonus applies to these systems rather than handheld weapons and remains descriptive. (Rifts - Ultimate Edition, pp. 154, 155).

Hovercycles, Skycycles & Rocket Bikes: Pilot specialized hovercycles, rocket bikes, skycycles and small jet-powered hover vehicles. Source stunts, jumps and dodges have no special skill penalty; distances and movement remain descriptive. (Rifts - Ultimate Edition, pp. 154, 155).

Animal Husbandry normal skill bonuses: Psi-Stalker animal empathy +15% (Rifts - Ultimate Edition, printed pp. 153, 154, PDF pp. 156, 157, Psi-Stalker shared powers and physical traits).

Class psychic status controls the single I.S.P. reserve and saving target. Natural powers are additional; their retained reserve is not added again.

Class psychic powers: Psi-Stalker Master Psychic; save target 6 (attribute/class bonuses apply separately).

Inner Strength Points: 58; {'starting-ME': 18, 'starting-dice': 30, 'level-one': 10}

Six additional Sensitive powers: 6 of 6 choices used; 0 remaining.

Sense Psychic and Magic Energy: Automatic racial psychic scent sense, distinct from ordinary Detect Psionics. Tracks specific psychic/magic sources; a recent physical sample adds20 to specific scent tracking. Confusing sources impose10 or20 penalties. Nearby ley lines halve scent tracking and nexus points obliterate it. Automatic, constant and no ISP cost. Learned at level 1. Always known class grant; no elective choice cost. Specific psychic scent tracking: 20 %; Active energy tracking: 65 %; Psychic scent recognition: 25 %; Inactive psychic/magic source sensitivity: 50 feet; Active psychic/magic energy sensitivity: 600 feet; Ley line/nexus detection range: 11 miles (Rifts - Ultimate Edition, Psi-Stalker shared powers and physical traits).

Sense Supernatural Beings: Automatic racial supernatural scent sense, distinct from chosen Sensitive powers. Senses demons, vampires, Entities and similar beings; tracking changes with disguise, active powers and powerful supernatural sources. Ley-line/nexus interference follows the racial psychic/magic scent rules. Automatic, constant and no ISP cost. Learned at level 1. Always known class grant; no elective choice cost. Supernatural detection: 45 %; Disguised inactive supernatural trail: 35 %; Active or powerful supernatural trail: 73 %; Inactive supernatural presence sensitivity: 50 feet; Active/powerful supernatural sensitivity: 1000 feet (Rifts - Ultimate Edition, Psi-Stalker

shared powers and physical traits).
Astral Projection: After 4D4 minutes of
concentration, project an Astral Self connected
by a silver cord while the body lies helpless.
Observe the material world as a flying,
intangible spirit; communication requires psychic
means. Astral/psychic/magical threats can harm
the spirit or cord. A severed cord risks death;
locating the body without it has 30% chance,
best two of three. Astral Plane time differs, and
returning requires finding the way back; a lost or
captured spirit endangers the body. Learned at
level 1. Range: Self.; Duration: 5 minutes per
level of experience.; I.S.P.: 8 (Rifts Ultimate
Edition, Psionic Powers: Astral Projection).
Clairvoyance: Seek brief, uncertain glimpses of
a possible future, at most twice daily.
Concentrate 2D4 melee rounds; no other activity
is possible during the vision. Base chance 58%
+2% per level, plus 5% for a friend or loved one.
Failure gives no insight but still spends 4 ISP;
the future may be changed. Learned at level 1.
Range: Self; visions may concern distant people
or places.; Duration: 6D6 melee rounds.; I.S.P.:
4; Base Skill: 58% plus2% per level. (Rifts
Ultimate Edition, Psionic Powers: Clairvoyance).
Commune with Spirits: Feel nearby spirits and
ask questions aloud. Only the psychic hears
replies unless using a group trance. Spirits may
refuse, lie, break contact or attack; communion
does not reveal alignment or magic energy and
prevents other psionic powers. Breaking contact
ends awareness of the spirit. Learned at level 1.
Range: Self.; Duration: Two minutes per level of
experience.; I.S.P.: 6; Saving Throw: Standard.
(Rifts Ultimate Edition, Psionic Powers:
Commune with Spirits).
Empathy: Empathy is a psi-ability that makes
the psychic aware of, or feel, the emotions of
other people, animals and supernatural
creatures. The strongest emotions are easiest to
sense: hate, anger, terror, love. Feeling for
emotions can often be used to establish that
somebody or something is nearby, but can NOT
be used to pinpoint an invisible or hiding person/
creature. Empathy can be especially helpful in
recognizing and communicating with ghosts and
other supernatural creatures. Learned at level 1.
Range: 100-foot area.; Duration: 2 minutes per
level.; I.S.P.: 4; Saving Throw: Standard each
melee; a successful save obscures the target's
emotions. Mind Block prevents emanations.
(Rifts Ultimate Edition, Psionic Powers:
Empathy).
Intuitive Combat: Concentrate one melee round
before gaining+3 initiative,+1 strike/parry,+4
dodge/pull punch,+2 roll with impact/disarm,
immunity to surprise and+10%
Acrobatics/Gymnastics/Climb/Swim abilities.
Other psionic powers, including Mind Block,

cannot be used during this state. Cancel with a thought. Learned at level 1. Range: Self.; Duration: Two melee rounds per level of experience.; I.S.P.: 10 (Rifts Ultimate Edition, Psionic Powers: Intuitive Combat).

Machine Ghost: Read electronic information at ten times normal speed, including disks or damaged machines; cannot edit data or enter sentient self-aware machines. The trance leaves the body oblivious and undefended; Telepathy can communicate. Virtual defenders and viruses threaten the projection: virtual death or failure to find the exit before duration ends requires coma/death checks. Breaking ordinary file contact causes one melee at half actions/combat bonuses. Learned at level 1. Range: Self; computer by touch.; Duration: Three minutes per level of experience.; I.S.P.: 12; Saving Throw: Not applicable. (Rifts Ultimate Edition, Psionic Powers: Machine Ghost).

Power kick: 2 × 1D8 S.D.C.; 2 action(s). Ultimate Edition pp. 345, 348.

Knee strike: 1D6 S.D.C.; 1 action(s). Ultimate Edition pp. 345, 348.

Body flip/throw: 1D6 S.D.C.; 1 action(s). Ultimate Edition pp. 345, 348.

Combat conditions (Ultimate Edition pp. 341, 344–348, 361):

Shooting contexts are training examples; actual weapon modes, burst lengths, ammunition and capacity remain pending.

Gun shooting excludes P.P., general hand-to-hand strike and strength damage bonuses. Assassin's explicit gun-strike gains apply separately from W.P.; bursts halve only the W.P. contribution. Untrained shooters cannot make aimed shots.

Gun dodge requires seeing the attacker and knowing the shot is coming; subtract 10 within 10 feet or 5 within 50 feet. Athletics and hand-to-hand dodge bonuses do not apply to gunfire or energy blasts (p. 361).

Power punch uses two actions and doubles base dice before adding the normal-human strength bonus.

Other special hand-to-hand moves remain pending.

Hand to Hand: Expert: Body flip/throw costs one action; victim loses initiative and one attack. A successful roll with impact halves the damage.

Hand to Hand: Expert: Power Kick takes two actions, doubles base kick dice and adds P.S./Hand to Hand damage bonuses once (user-confirmed interpretation). It cannot combine with Leap Kick; knee and non-damaging moves have no power variant. Ultimate Edition p.345; style permission pp.347–348.
