Combat conditions (Ultimate Edition pp. 341,

344-348, 361):

Shooting contexts are training examples; actual weapon modes, burst lengths, ammunition and capacity remain pending.

Gun shooting excludes P.P., general

hand-to-hand strike and strength damage

bonuses. Assassin's explicit gun-strike gains

apply separately from W.P.; bursts halve only

the W.P. contribution. Untrained shooters

cannot make aimed shots.

Gun dodge requires seeing the attacker and

knowing the shot is coming; subtract 10 within

10 feet or 5 within 50 feet. Athletics and

hand-to-hand dodge bonuses do not apply to

gunfire or energy blasts (p. 361).

Power punch uses two actions and doubles

base dice before adding the normal-human

strength bonus.

Other special hand-to-hand moves remain

pending.

Hand to Hand: Expert: Body flip/throw costs one

action; victim loses initiative and one attack. A

successful roll with impact halves the damage.

Hand to Hand: Expert: Power Kick takes two

actions, doubles base kick dice and adds

P.S./Hand to Hand damage bonuses once

(user-confirmed interpretation). It cannot

combine with Leap Kick; knee and

non-damaging moves have no power variant.
