implants only for medical reasons. Conditional source saving additions: +2 against every form of mind control and +3 against magic illusions; not blanket psionic or all-illusion bonuses. (Rifts - Ultimate Edition, class rules printed pp. 151).

Land Navigation: Stay on course by landmarks, distance estimates, trail marking and observation. Does not require Literacy or Mathematics; symbolic map reading carries 20% penalty. Travel and drift remain descriptions. (Rifts - Ultimate Edition, pp. 151).

Streetwise: Recognize street gangs, ranks, colors, dangerous locations, underworld customs, drugs and their street names/prices. Adds +10% to I.D. Undercover Agents. (Rifts - Ultimate Edition, pp. 151).

Automobile: Drive manual or automatic cars, dune buggies, jeeps and small trucks. (Rifts - Ultimate Edition, pp. 151).

Hovercycles, Skycycles & Rocket Bikes: Pilot specialized hovercycles, rocket bikes, skycycles and small jet-powered hover vehicles. Source stunts, jumps and dodges have no special skill penalty; distances and movement remain descriptive. (Rifts - Ultimate Edition, pp. 151).

Basic Mechanics: Maintain simple machinery and appliances, read schematics, replace common parts and assist with vehicle repairs. Field repairs require suitable tools, materials and time; situational penalties vary from -5% to -40%, and extensive work requires a workshop. Automatically granted by Field Armorer & Munitions Expert. (Rifts - Ultimate Edition, pp. 312). Granted by Field Armorer & Munitions Expert: training +0% (Rifts - Ultimate Edition, printed pp. 315, PDF pp. 318, Field Armorer & Munitions Expert).

Seduction: Influence and distract through personal attraction. Adds +1% per M.A. point over 20 and per two P.B. points over 17 (round up). Adds +5% to Cardsharp, Sing and Dance. Pick Pockets, Palming and planting things gain +5% only against a seduced victim; intoxication/drugs give a situational +5%. Victim effects are descriptive. (Rifts - Ultimate Edition, pp. 321). Normal attribute contributions: M.A. attraction +0%; P.B. attraction +0%.

Pick Pockets: Remove an item from an unaware person. Failure leaves the item in place and gives a 01-67% chance that the intended victim notices the attempt. (Rifts - Ultimate Edition, pp. 309, 321).

Field Armorer & Munitions Expert: Maintain, unjam, repair and modify infantry firearms, ammunition and optical enhancements; recharge E-Clips, mount weapons and make basic metal items. Minor body armor repairs are limited to 20 M.D.C.; major overhauls are excluded. Automatically grants Basic Mechanics

at its normal base and progression. (Rifts - Ultimate Edition, pp. 315).

Military: Submersibles: Pilot underwater sleds, mini-sub and commercial or military submarines. Alien or unusual craft carry -20%; power armor and diving suits are separate. (Rifts - Ultimate Edition, pp. 319).

Class psychic status controls the single I.S.P. reserve and saving target. Natural powers are additional; their retained reserve is not added again.

Class psychic powers: Master psychic; save target 10 (attribute/class bonuses apply separately).

Inner Strength Points: 135; {'starting-ME': 15, 'starting-dice': 100, 'Additional level 2': 10, 'Additional level 3': 10}

Alter Aura: Temporarily disguise the information revealed by your aura, such as alignment, psychic potential and magical energy. Learned at level 1. Always known class grant; no elective choice cost. Range: Self.; Duration: One hour per each level of experience.; I.S.P.: 2; Saving Throw: None. (Rifts Ultimate Edition, Psionic Powers: Alter Aura).

Mind Block: This is the ability to completely close or block oneself from all psychic/mental emanations. When intentionally closed to supernatural or psychic forces the character can not sense anything, can not use psychic abilities, nor be influenced by others. A Mind Block will prevent penetration of Telepathy, Empathy, Hypnotic Suggestion, Day Dream and Empathic Transmission. It can be an invaluable protective mask when dealing with malevolent psychic forces. Adds a bonus of +1 to save vs all psychic and mental attacks. Note: Mind Block only blocks psionic attacks that affect the psychic's mind or emotional state (i.e.

Telepathy, Empathy, Hypnotic Suggestion, etc.). It offers not protection from magic. Learned at level 1. Always known class grant; no elective choice cost. Range: Self.; Duration: 10 minutes per level of experience.; I.S.P.: 4 (per each duration period). (Rifts Ultimate Edition, Psionic Powers: Mind Block).

See Aura: Read an aura to estimate experience,

RIFTS CHARACTER SHEET - CONTINUATION

psychic potential, magic, health and supernatural influences, but not alignment. Mind Block hides psychic ability, PPE level and possession. Learned at level 1. Always known class grant; no elective choice cost. Range: 60 feet (18.3 m) and must be visible.; Duration: 2 melees (30 seconds).; I.S.P.: 6; Saving Throw: None, but a Mind Block will hide the presence of psychic abilities, the level of P.P.E., and possession by a supernatural force. (Rifts Ultimate Edition, Psionic Powers: See Aura).
Sixth Sense: An automatic precognitive warning of imminent, unexpected life-threatening danger. The initial danger round grants +6 initiative, +2 parry and +3 dodge; it does not reveal the danger or operate when ISP is exhausted. Learned at level 1. Always known class grant; no elective choice cost. Range: 90 feet.; Duration: Until danger passes or occurs; bonuses only in its first melee round.; I.S.P.: 2; Saving Throw: None. (Rifts Ultimate Edition, Psionic Powers: Sixth Sense).
Bio-Regenerate (self): The ability to will oneself free of disease or poison and back to health, and heal physical damage and injury. Unfortunately, this ability cannot be used to heal others. The process requires one full minute of concentration, which means the character cannot use any other psionic power during that time. Bio-Regeneration does not restore missing limbs, but it does restore 2D6 Hit Points or 3D6 physical S.D.C. points per melee round. In addition, when cuts and scrapes are healed through Bio-Regeneration there is no scarring. This power can be used as often as once every two minutes (every eight melee rounds). Note: Recovering more than half of one's Hit Points or S.D.C. this way in less than an hour takes a toll on the character, causing some weakness for 1D4+2 hours: reduce the P.S., P.E. and Spd attributes by 30%. Adjust attribute bonuses accordingly. Learned at level 3. Range: Self.; Duration: Permanent.; I.S.P.: 6; Saving Throw: None. (Rifts Ultimate Edition, Psionic Powers: Bio-Regeneration).
Deaden Pain: The ability to deaden pain can be used as a painkiller which temporarily negates existing pain or as an anesthetic to be used for surgery. Learned at level 3. Range: Immediate proximity, touch or within 3 feet (0.9 m).; Duration: One hour per level of experience.; Length of Trance: Two minutes (8 melee rounds).; I.S.P.: 4 (Rifts Ultimate Edition, Psionic Powers: Deaden Pain).
Detect Psionics: Detect nearby psychic energy without pinpointing its location; estimate only weak, medium or strong potential. Directed at an individual, detect psychic potential, Group Mind Block or psionic possession without identifying specific powers. Learned at level 3.

RIFTS CHARACTER SHEET - CONTINUATION

Skills and character notes

Range: Self. Sensing range is 30 feet (9 m) per level of experience.; Duration: One minute per level of experience.; I.S.P.: 6 (Rifts Ultimate Edition, Psionic Powers: Detect Psionics).

Healing Touch: The Healing Touch is a remarkable healing ability that can instantly heal cuts, burns, bruises and similar physical wounds. The touch restores 2D4 Hit Points or 2D6 S.D.C. The Healing Touch can only be used on other living creatures, never on the psychic himself. Learned at level 3. Range: Touch.; Duration: Instant, with lasting effects.; Length of Trance: Two minutes (8 melee rounds); I.S.P.: 6 (Rifts Ultimate Edition, Psionic Powers: Healing Touch).

Resist Fatigue: A mind over matter discipline which enables the character to engage in physical activity without suffering from exhaustion. However, fatigue is only temporarily suspended, so the psychic feels extremely tired and may even collapse when the duration of this power elapses. Learned at level 3. Range: Self.; Duration: One hour plus 20 minutes per level of experience.; Length of Trance: 1D6 melees of preparatory meditation.; I.S.P.: 4 (Rifts Ultimate Edition, Psionic Powers: Resist Fatigue).

Suppress Fear: This power temporarily suppresses the chemical and psychological components of fear in the recipient. As a result, the character is unable to feel fear or is barely frightened even if intellectually he realizes he is in grave danger, or is facing a terrifying monster or situation. This enables the character to think rationally and take calm, calculated action, rather than respond with the typical "fight or flight" reactions of those who are scared. While this power is activated, the character automatically succeeds on any roll to resist Horror Factor, even if magically induced. This power can be used on the psychic himself or on one or two others. Learned at level 3. Range: Self or others by touch.; Duration: One minute per level of experience.; I.S.P.: 8 (Rifts Ultimate Edition, Psionic Powers: Suppress Fear).

Deaden Senses: A form of bio-manipulation that is so subtle that its victims seldom realize they have fallen under the influence of this psionic attack. The psychic is able to induce a physical influence on a single character to make him or her momentarily less alert and attentive to the things around him. Small sounds, odors, movements, and details go unnoticed (+10% to the psychic on the following skills when used against this befuddled character: Camouflage, Prowl, Concealment, Palming, Pick Pockets, Cardsharp, Forgery, Seduction, Disguise and Impersonation). And the deadened character is also slow to react; reduce Spd by 10%, -1 on initiative, and -5% on skill performance. This power is typically used on guards, sentries, and

Skills and character notes

investigators to make them miss something in a search, not notice the psychic, etc. Learned at level 3. Range: 160 feet (48.8 m); line of sight.; Duration: 2D6 minutes; roll for random determination of duration.; I.S.P.: 4; Saving Throw: -1 to save. (Rifts Ultimate Edition, Psionic Powers: Deaden Senses).

Death Trance: A state of mind over matter that slows the metabolism to such a degree that it creates a temporary state of suspended animation, simulating death. Without hospital facilities, even a medical doctor is likely to believe the character is dead (1-89% likelihood). The effects of drugs, toxins and chemicals are slowed to a crawl, doing minimal damage or effect, but will take full effect the instant the death trance is stopped (unless treatment is administered first). While in the death-like state, the psychic can not be roused or respond to any type of stimulation, including psychic probes. This means he is incapable of attacking or defending himself in any way until the trance is broken. Learned at level 3. Range: Self.; Duration: As long as the psychic senses he must feign death, up to a maximum of four days.; I.S.P.: 1, because physical psychics find it easy to control their bodies. (Rifts Ultimate Edition, Psionic Powers: Death Trance).

Impervious to Cold: A mind over matter discipline which enables the character to suffer absolutely no ill effects or discomfort from exposure to even extreme sub-zero freezing conditions. Learned at level 3. Range: Self.; Duration: 20 minutes per level of experience.; Length of Trance: 1D4 melees for preparatory meditation.; I.S.P.: 2 (Rifts Ultimate Edition, Psionic Powers: Impervious to Cold).

Levitation: Raise and suspend objects vertically; sideways movement is impossible. Maximum height for up to 2 pounds is 8 feet +1 per level; 3-20 pounds, 6 feet +1 per level; heavier targets, 4 feet +1 per level. Self-levitation reaches 10 feet +2 per level. Heavy targets cost 6 ISP plus 1 for each 10 pounds beyond 20. Learned at level 3. Range: Up to 60 feet (18.3 m) away.; Duration: 2 minutes per level of experience.; I.S.P.: Small: 2, medium: 6, large: 6 plus 1 per every 10 lbs (4.5 kg) over 20 lbs (9 kg).; Saving Throw: None. (Rifts Ultimate Edition, Psionic Powers: Levitation).

Empathy: Empathy is a psi-ability that makes the psychic aware of, or feel, the emotions of other people, animals and supernatural creatures. The strongest emotions are easiest to sense: hate, anger, terror, love. Feeling for emotions can often be used to establish that somebody or something is nearby, but can NOT be used to pinpoint an invisible or hiding person/ creature. Empathy can be especially helpful in recognizing and communicating with ghosts and

other supernatural creatures. Learned at level 3.

Range: 100-foot area.; Duration: 2 minutes per

level.; I.S.P.: 4; Saving Throw: Standard each

melee; a successful save obscures the target's

emotions. Mind Block prevents emanations.

(Rifts Ultimate Edition, Psionic Powers:

Empathy).

Object Read: Hold an object to seek

impressions and images of its history and last

owner; roll separately for each. Each psychic

may read a given object only once, even after

failure. A successful impression or image

permits a present-time glimpse for an additional

4 ISP, with its own success check. Reading a

possessed object exposes the psychic to

psychic attacks without saving bonuses.

Learned at level 3. Range: Touch.; Duration:

Varies; usually about 2D6 minutes.; I.S.P.: 6;

Saving Throw: None.; Base Skill: Impressions:

56% +2% per level of experience. Images: 48%

+2% per level. Present: 38% +2% per level of

experience. (Rifts Ultimate Edition, Psionic

Powers: Object Read).

See the Invisible: The character can see

entities, beings, forces, objects and creatures

which can turn invisible or are naturally invisible.

Even if the creature has no form per se, the

psychic will be able to discern the vaporous

image or energy sphere which is the being. This

includes ghosts, Entities, Elementals and Astral

Beings. Learned at level 3. Range: 120 feet

(36.6 m); double on a ley line.; Duration: 1

minute per each level of experience.; I.S.P.: 4;

Saving Throw: None. (Rifts Ultimate Edition,

Psionic Powers: See the Invisible).

Telepathy: Read one person's surface thoughts

at a time; no deep memory probe or

simultaneous reading. Send brief directed

messages to one recipient; two-way

conversation requires both participants to have

telepathy. A suspected probe permits a

standard save, and Mind Block prevents probes

or communication. Learned at level 3. Range:

Read surface thoughts up to 60 feet (18.3 m)

away or two-way telepathic communication up

to 140 feet (42.7 m) +40 feet (12.2 m) per level

of experience.; Duration: 2 minutes per level of

experience.; I.S.P.: 4; Saving Throw:

Conditional. When a character suspects he is

being telepathically probed he can resist, getting

the standard saving throw. Mind Blocks will

completely prevent telepathic probes or

communications as long as the block is up.

(Rifts Ultimate Edition, Psionic Powers:

Telepathy).

Total Recall: Recall written and visual

information in detail; the source also includes

spoken words. This utility follows the prose cost

of 3 ISP per precisely recalled block; the printed

header instead says 2 ISP. With no ISP, roll

I.S.P.: 3 per detailed block; printed header

says2. See description. (Rifts Ultimate Edition, Psionic Powers: Total Recall).

Telemechanics: Communicate mentally with a machine and understand its operation. Ordinary machines provide 80% complete mechanical knowledge; artificial intelligence provides 88% skill knowledge of operation, repair, access, and programming. This is a temporary machine-specific psychic understanding, not permanent acquisition of every engineering skill.

Learned at level 3. Range: Touch or up to 5 feet; Duration: 10 minutes +2 minutes per level; I.S.P.: 10; Saving throw: None (Rifts - Ultimate Edition, Telemechanics).

Group Mind Block: Instant Mind Block protects everyone in the area from mental probes/attacks and also blocks outside Telepathy/Empathy, including unwanted interference. Recipients need not know it is present; Detect Psionics can reveal it. Learned at level 3. Range: 120-foot area; Duration: 10minutes per level; I.S.P.: 22 (Rifts - Ultimate Edition, Super-Psionics: Group Mind Block).

Mind Wipe: Standard save negates. Erase selected memories, knowledge or skills temporarily or permanently. A complete permanent blank mind costs50ISP and four permanent ME points even when resisted.

Consequential activation costs remain descriptions; this creator does not resolve encounters. Learned at level 3. Range: Touch victim's temples; verbal suggestion; Duration: Three-minute process; temporary loss1D4days per10ISP; I.S.P.: 10 per temporary increment;50 permanent; full wipe also costs4ME permanently (Rifts - Ultimate Edition, Super-Psionics: Mind Wipe).

Psi-Sword: Create a personally shaped energy weapon. Starts4D6MD at level3; add2D6 at levels4/7/9/12/15. May lower damage to2D6 and adjust by1D6 up to the current maximum.

Cannot be learned before level3.

Unconsciousness or voluntary dismissal ends it; this differs from the Cyber-Knight's free instant sword. Learned at level 3. Range: Self; Duration: 5minutes per level; about one melee to create; I.S.P.: 30 (Rifts - Ultimate Edition, Super-Psionics: Psi-Sword).

Telekinetic Force Field: Stationary solid-ground-supported airtight bubble has25MDC per level, minimum3foot area, maximum10foot diameter per level. Straight-roll parry before an incoming attack; no normal parry bonuses. Warned unwilling target dodges at-6. Attacks hit the barrier from either side; cannot suffocate a head. Mental effects,

Combat conditions (Ultimate Edition pp. 341, 344-348, 361):
Shooting contexts are training examples; actual weapon modes, burst lengths, ammunition and capacity remain pending.
Gun shooting excludes P.P., general hand-to-hand strike and strength damage bonuses. Assassin's explicit gun-strike gains apply separately from W.P.; bursts halve only the W.P. contribution. Untrained shooters cannot make aimed shots.
Gun dodge requires seeing the attacker and knowing the shot is coming; subtract 10 within 10 feet or 5 within 50 feet. Athletics and hand-to-hand dodge bonuses do not apply to gunfire or energy blasts (p. 361).
Power punch uses two actions and doubles base dice before adding the normal-human strength bonus.
Other special hand-to-hand moves remain pending.
