Saving values include reviewed ordinary M.E. and selected power contributions only. Other modifiers remain pending.

Named power bonuses are roll additions. Unknown targets depend on the triggering drug, Horror Factor, possession or illusion rule.

Possession targets depend on the triggering ability and psychic status.

Ordinary M.E. bonuses stop at 30; below 16 has no exceptional bonus. Below 1 is unreviewed and remains blank.

Universal Speak Native Language (+25%) and Read/Write Native Language (+20%) remain source guidance. Native speaking base is unspecified; educated native literacy is 98%, and Street Schooled literacy is 30% +2% per level unless trading a skill. Their arithmetic interaction remains pending. Education bonuses apply once to scholastic skills; I.Q. bonuses apply once to all supported skills. Ordinary proficiency is capped at 98%.

High School does not permit Business, Medical Assistant or Communications (original printed 45 / PDF 46, restriction item 1). Honor-system choices stay saved without an ineligible scholastic bonus. Earlier exact pins require an explicit reviewed update.

Paramedic treatment procedures remain source guidance: serious injury/coma uses two successes out of three checks; a failed attempt can be retried by another character or after six minutes concentrating. This creator displays proficiency, not an in-session treatment simulator.
