Computer Repair: Actual repair or sabotage: 40% (+5% per level)
Character notes (continued)
its+20 includes the source balance grant, not
another stacked+20. Martial Arts is free; evil
characters may use free Assassin. Commando
costs two Related choices. Fixed Energy Rifle
plus two Ancient and two Modern W.P.s; extra
training costs one Related choice. Enhanced
touch adds10 to acquired precise manipulation,
craft, locks, Demolitions and Electrical skills,
including Secondary picks. It is separate from
class category bonuses; ECM signal operation
receives its listed+10 only. Automatic dodge is
separate: use P.P. bonuses plus+1
at1/2/4/6/8/10/12/14, even from behind/surprise.
Ordinary dodge bonuses do not apply and it
spends no attack. Roll with impact adds
another+2 at2/5/10/15. Endurance: carries twice
an ordinary person of equivalent
strength/endurance, lasts ten times longer
before exhaustion; operates fully alert for three
days(72hours), and normally needs four hours
sleep. Running leaps reach20ft horizontally/15ft
vertically; standing distance is half. Healing runs
twice normal. Pain does not impair function
until10HP or less; the Crazy can voluntarily
enter the helpless Bio-Regeneration trance
described among inherent class abilities.
Affliction milestones remain source prompts:
level2 Phobia,3 Affective Disorder,4
Crazy-specific trait,6 Obsession,8 Phobia,10
Neurosis,12 Psychosis,14 Random Insanity.
General table simulation is excluded; saved trait
replacement remains separate. Frenzy is a
character trait with a chosen trigger, not a
psychic power and no ISP cost. Its temporary
bonuses/control hazards are described with that
choice; base combat/resources do not silently
change. Start with M.O.M. implants only, no
vehicle. Future optical/lung/weapon implants
and avoidance of bionics remain source
guidance; meaningful augmentation
construction stays open. (Rifts - Ultimate
Edition, class rules printed pp. 55, 56, 57).
Climbing: Climb sheer surfaces with appropriate
tools and techniques; rappelling includes
ascending and descending with ropes. Roll
every 20 feet; two consecutive failures cause a
fall. (Rifts - Ultimate Edition, pp. 56).
Detect Ambush: Recognize terrain and locations
suitable for ambush; this does not identify
individual prowling enemies. (Rifts - Ultimate

RIFTS CHARACTER SHEET - CONTINUATION

Skills and character notes

Edition, pp. 56).
Detect Concealment: Spot deliberately concealed structures, camouflage, traps, doors or compartments; construct unobtrusive shelters. Adds 5% to Camouflage; ordinary observation uses Perception. (Rifts - Ultimate Edition, pp. 56).
Escape Artist: Escape restraints using flexible joints, knot knowledge, positioning and concealed tools. Pick Locks is separate; this training adds 5% to it. (Rifts - Ultimate Edition, pp. 56).
Gymnastics: Primary percentage measures sense of balance. Automatic kick at first level does 2D4 S.D.C. damage. Basic climb and prowl have no level growth; they yield to the separately learned full skill, which receives the source bonus instead. (Rifts - Ultimate Edition, pp. 56).
Land Navigation: Stay on course by landmarks, distance estimates, trail marking and observation. Does not require Literacy or Mathematics; symbolic map reading carries 20% penalty. Travel and drift remain descriptions. (Rifts - Ultimate Edition, pp. 56).
Prowl: Move quietly and carefully using balance, positioning, low visibility and crawling. Failure reveals the character; successful stealth may permit a sneak attack. Listed in both Rogue and Physical; use one identity and the Rogue entitlement for these two classes. (Rifts - Ultimate Edition, pp. 56).
Streetwise: Recognize street gangs, ranks, colors, dangerous locations, underworld customs, drugs and their street names/prices. Adds +10% to I.D. Undercover Agents. (Rifts - Ultimate Edition, pp. 56).
Tailing: Follow someone unnoticed and conduct basic stake-outs. Failure alerts the subject, who may evade or confront the follower. Prowl adds +5%; Tailing is also described as part of Surveillance. (Rifts - Ultimate Edition, pp. 56).
Art normal skill bonuses: Crazy enhanced delicate touch +10% (Rifts - Ultimate Edition, printed pp. 55, PDF pp. 58, Crazy special O.C.C. bonuses and powers).
Demolitions normal skill bonuses: Crazy enhanced delicate touch +10% (Rifts - Ultimate Edition, printed pp. 55, PDF pp. 58, Crazy special O.C.C. bonuses and powers).
Demolitions: Use explosives and detonation devices for sabotage and demolition, including strategic mine placement and suspicious wires. A failed normal roll produces a dud. Using this skill underwater carries -10%. (Rifts - Ultimate Edition, pp. 315).
Demolitions Disposal normal skill bonuses: Crazy enhanced delicate touch +10% (Rifts - Ultimate Edition, printed pp. 55, PDF pp. 58, Crazy special O.C.C. bonuses and powers).

RIFTS CHARACTER SHEET - CONTINUATION

Skills and character notes

Demolitions Disposal: Safely defuse unexploded
mines, bombs, explosive traps, dud rounds and
charges. Disposal outcomes remain descriptive.
(Rifts - Ultimate Edition, pp. 315).
Pick Locks normal skill bonuses: Crazy
enhanced delicate touch +10% (Rifts - Ultimate
Edition, printed pp. 55, PDF pp. 58, Crazy
special O.C.C. bonuses and powers).
Pick Locks: Open key and tumbler locks using
lock-picking tools. Does not cover sophisticated
computer/electronic locks. Each attempt takes
1D6 melee rounds; a failed roll leaves the lock
closed. (Rifts - Ultimate Edition, pp. 309, 321).
Palming normal skill bonuses: Crazy enhanced
delicate touch +10% (Rifts - Ultimate Edition,
printed pp. 55, PDF pp. 58, Crazy special
O.C.C. bonuses and powers).
Palming: Make a small object appear to vanish
by concealing it in the hand. Adds +5% to
Cardsharp, Concealment and Pick Pockets;
Cardsharp also adds +4% to Palming. (Rifts -
Ultimate Edition, pp. 321).
Pick Pockets normal skill bonuses: Crazy
enhanced delicate touch +10% (Rifts - Ultimate
Edition, printed pp. 55, PDF pp. 58, Crazy
special O.C.C. bonuses and powers).
Pick Pockets: Remove an item from an unaware
person. Failure leaves the item in place and
gives a 01-67% chance that the intended victim
notices the attempt. (Rifts - Ultimate Edition, pp.
309, 321).
Computer Repair normal skill bonuses: Crazy
enhanced delicate touch +10% (Rifts - Ultimate
Edition, printed pp. 55, PDF pp. 58, Crazy
special O.C.C. bonuses and powers).
Computer Repair: Repair or sabotage computer
electronics. Determine the procedure, then
make a separate actual repair or sabotage
check at the same proficiency. Computer
Operation and Programming are neither
included nor required. (Rifts - Ultimate Edition,
pp. 308).
Basic Electronics normal skill bonuses: Crazy
enhanced delicate touch +10% (Rifts - Ultimate
Edition, printed pp. 55, PDF pp. 58, Crazy
special O.C.C. bonuses and powers).
Basic Electronics: Understand simple circuits,
wiring, schematics and appliance repair.
Commercial vehicle hot-wiring uses a -20%
situational penalty; military vehicles are outside
this basic skill. (Rifts - Ultimate Edition, pp. 308).
Class psychic status controls the single I.S.P.
reserve and saving target. Natural powers are
additional; their retained reserve is not added
again.
Class psychic powers: Minor Crazy with Frenzy;
save target 12 (attribute/class bonuses apply
separately).
Inner Strength Points: 22; {'starting-ME': 4,
'starting-dice': 18}

RIFTS CHARACTER SHEET - CONTINUATION

Skills and character notes

Three restricted Physical/Sensitive psychic choices: 3 of 3 choices used; 0 remaining. One Frenzy trigger trait (not a psychic power): 1 of 1 choices used; 0 remaining.

Crazy enhanced senses: Enhanced senses:20/20 long-range vision can read a small sign or recognize a face up to two miles with concentration/line of sight; hear whispers/wing beats at300ft. Smell identifies odors65%, people25%, tracks30% if under two hours old. Taste detects poisoned/drugged/spoiled food55%,+20 for strong chemical taste. Touch distinguishes tiny texture differences; the owned skill profile applies its precise-manipulation+10. Source perception+3 and automatic dodge are projected/described separately. Learned at level 1. Always known class grant; no elective choice cost. (Rifts - Ultimate Edition, Crazy special O.C.C. bonuses and powers).

Crazy Bio-Regeneration: Inherent Crazy Bio-Regeneration, distinct from the ordinary psychic power and with no listed ISP charge. Requires a helpless meditative trance: no movement or other actions. Restores2D6 HP and3D6 SDC, stops bleeding and closes wounds in2D4 minutes. Six hours restores all SDC and an additional4D6 HP. Recovery rolls/actions remain descriptive, not automatic healing. Learned at level 1. Always known class grant; no elective choice cost. (Rifts - Ultimate Edition, Crazy special O.C.C. bonuses and powers).

Mind Block: This is the ability to completely close or block oneself from all psychic/mental emanations. When intentionally closed to supernatural or psychic forces the character can not sense anything, can not use psychic abilities, nor be influenced by others. A Mind Block will prevent penetration of Telepathy, Empathy, Hypnotic Suggestion, Day Dream and Empathic Transmission. It can be an invaluable protective mask when dealing with malevolent psychic forces. Adds a bonus of +1 to save vs all psychic and mental attacks. Note: Mind Block only blocks psionic attacks that affect the psychic's mind or emotional state (i.e. Telepathy, Empathy, Hypnotic Suggestion, etc.). It offers not protection from magic. Learned at level 1. Range: Self.; Duration: 10 minutes per level of experience.; I.S.P.: 4 (per each duration period). (Rifts Ultimate Edition, Psionic Powers: Mind Block).

Sense Evil: Feel supernatural evil automatically without ISP; activate the power for approximate number, strength, location and tracking. Human evil registers only with immediate evil intent plus psychic powers or psychosis, and Mind Block may mask it. Learned at level 1. Range: 140 feet (42.7 m) area.; Duration: 2 minutes (8 melees) per level of experience.; I.S.P.: 2;

RIFTS CHARACTER SHEET - CONTINUATION

Skills and character notes

Saving Throw: None. (Rifts Ultimate Edition,
Psionic Powers: Sense Evil).
Telepathy: Read one person's surface thoughts
at a time; no deep memory probe or
simultaneous reading. Send brief directed
messages to one recipient; two-way
conversation requires both participants to have
telepathy. A suspected probe permits a
standard save, and Mind Block prevents probes
or communication. Learned at level 1. Range:
Read surface thoughts up to 60 feet (18.3 m)
away or two-way telepathic communication up
to 140 feet (42.7 m) +40 feet (12.2 m) per level
of experience.; Duration: 2 minutes per level of
experience.; I.S.P.: 4; Saving Throw:
Conditional. When a character suspects he is
being telepathically probed he can resist, getting
the standard saving throw. Mind Blocks will
completely prevent telepathic probes or
communications as long as the block is up.
(Rifts Ultimate Edition, Psionic Powers:
Telepathy).
Frenzy: Intense Frustration: Helplessness,
confusion or feeling trapped beyond tolerance
can trigger a snapping rage. Character trait, not
a psychic power; no ISP cost. Frenzy
overwhelms reason and friend/foe
discrimination: attack perceived threats and
obstacles, even bystanders/friends who
intervene. Normally one melee(15seconds) per
P.E. point; it continues until opponents are
defeated or the Crazy subdued, then ordinary
reasoning returns. Temporary effects: +1
attack,+30SDC,+1 strike/parry/dodge/roll with
impact,+30%Speed,+1D6
physical/melee-weapon damage, excluding
guns. Damage uses temporary30SDC first; that
pool disappears afterward without subtracting30
from normal SDC. These situational effects do
not alter saved base totals; resolve
activation/control and remaining wounds from
source57. Learned at level 1. (Rifts - Ultimate
Edition, Crazy Hero: chosen Frenzy trigger and
temporary effects).
Power kick: Augmented Strength: damage is
descriptive; see source guidance.; 2 action(s).
Ultimate Edition pp. 345, 348.
Knee strike: Augmented Strength: damage is
descriptive; see source guidance.; 1 action(s).
Ultimate Edition pp. 345, 348.
Body flip/throw: Augmented Strength: damage is
descriptive; see source guidance.; 1 action(s).
Ultimate Edition pp. 345, 348.
Combat conditions (Ultimate Edition pp. 341,
344–348, 361):
Shooting contexts are training examples; actual
weapon modes, burst lengths, ammunition and
capacity remain pending.
Gun shooting excludes P.P., general
hand-to-hand strike and strength damage

RIFTS CHARACTER SHEET - CONTINUATION

Skills and character notes

bonuses. Assassin's explicit gun-strike gains
apply separately from W.P.; bursts halve only
the W.P. contribution. Untrained shooters
cannot make aimed shots.
Gun dodge requires seeing the attacker and
knowing the shot is coming; subtract 10 within
10 feet or 5 within 50 feet. Athletics and
hand-to-hand dodge bonuses do not apply to
gunfire or energy blasts (p. 361).
Augmented Strength: Use the Augmented P.S.
table for action damage; these examples are
descriptive. Power punches/kicks use two
actions. At P.S.24 they inflict1 M.D.;25-27:1D4
M.D.;28-30:1D6 M.D.;31-40:2D4 M.D. Higher
ranges have their own restrained/full/power
entries. S.D.C. strength bonuses are not added
to M.D. For other attacks and targets, follow the
source table and weapon description rather than
normal-human damage examples.
Other special hand-to-hand moves remain
pending.
Hand to Hand: Martial Arts: Body flip/throw
costs one action; victim loses initiative and one
attack. A successful roll with impact halves the
damage.
Hand to Hand: Martial Arts: Power Kick takes
two actions, doubles base kick dice and adds
P.S./Hand to Hand damage bonuses once
(user-confirmed interpretation). It cannot
combine with Leap Kick; knee and
non-damaging moves have no power variant.

Skills and character notes

Base damage 1D6 M.D.; melee weapon.
Equipped totals follow below.
Purchases use the recorded character credits.
Removing a possession does not refund its
purchase cost. Stored items have no active
combat or armor effects. Armor capacities are
per location; movement skill penalties are not
applied as a universal speed penalty. Some
carried equipment has no source weight; the
known carried weight is an incomplete total.
Reload by swapping the remaining shots in one
carried gun and one compatible carried clip.
Split grouped gun or clip rows into individual
possessions first.

Swimming: . Rifts - Ultimate Edition, p. 317.
Surface swimming covers three times P.S. in
yards/meters each melee round for P.E. minutes
before fatigue. No attribute, S.D.C. or combat
bonus is granted. A failed roll leaves the
swimmer afloat without covering distance. Three
consecutive failed rolls cause submersion and
drowning unless rescued. Non-powered M.D.C.
armor swimming requires staying afloat,
depending on armor weight; no buoyancy
formula is provided. Power armor swimming is
permitted. Surface swimming has the fatigue
rate of running and is medium to heavy exertion,
especially fast or long distances. Conditional
storm and armor checks are shown separately;
they do not automatically resolve simultaneous
conditions or other armor movement penalties.
Surface swimming: Routine pace until fatigue;
distance uses current effective P.S., duration
uses current effective P.E.
Saving fields show reviewed bonuses.
