HEROES UNLIMITED CHARACTER SHEET - CONTINUATION

Skills and character notes

Power outcome and starting allowance (continued)

The recorded target raises calculated M.A. only when higher. Manual fixed values and adjustments remain available.

+10% to seduction, pick pockets and reviewed deception/sleight-of-hand skills; this power grants no skills.

Heroes Unlimited - RPG - 2E, printed p.231 / PDF p.232

Extraordinary Physical Beauty: recorded target 28; dice [4, 4]; Minor

The recorded target raises calculated P.B. only when higher. Manual fixed values and adjustments remain available.

Adds 10% to acquired Research, Interrogation, Seduction, Palming and Pick Pockets. No skills are granted; Interrogation still needs a reviewed program path.

Charm/impress uses the ordinary mortal P.B. chart, with attribute bonuses capped at 30.

Heroes Unlimited - RPG - 2E, printed p.232 / PDF p.233

Minor selections: 2 used / 4 allowed

Insanity: +0; target depends on the triggering rule; M.E. +0

Heroes Unlimited - RPG - 2E, printed p.15 / PDF p.16

Psionic attacks: +0; target depends on the triggering rule; M.E. +0

Heroes Unlimited - RPG - 2E, printed p.15 / PDF p.16

Saving values include reviewed ordinary M.E. and selected power contributions only. Other modifiers remain pending.

Named power bonuses are roll additions. Unknown targets depend on the triggering drug, Horror Factor, possession or illusion rule.

Possession targets depend on the triggering ability and psychic status.

Ordinary M.E. bonuses stop at 30; below 16 has no exceptional bonus. Below 1 is unreviewed and remains blank.

bonus.

Business, Medical Assistant, Computer and Communications fixed grants/explicit alternatives, supported Secondary selections and two universal percentages are automated. Other programs, remaining skill catalogs, repeated-program category choices, Street literacy trades and advancement remain unfinished.

Universal Speak Native Language (+25%) and Read/Write Native Language (+20%) remain source guidance. Native speaking base is unspecified; educated native literacy is 98%, and Street Schooled literacy is 30% +2% per level unless trading a skill. Their arithmetic interaction remains pending. Education bonuses apply once to scholastic skills; I.Q. bonuses apply once to all supported skills. Ordinary proficiency is capped at 98%.

High School does not permit Business, Medical Assistant or Communications (original printed 45 / PDF 46, restriction item 1). Honor-system choices stay saved without an ineligible scholastic bonus. Earlier exact pins require an explicit reviewed update.

Paramedic treatment procedures remain source guidance: serious injury/coma uses two successes out of three checks; a failed attempt can be retried by another character or after six minutes concentrating. This creator displays proficiency, not an in-session treatment simulator.

Ventriloquism: Throw the voice up to 10 feet (3 m). A poorly thrown voice or visible mouth movement makes the trick fail.

Ventriloquism: Extraordinary M.A. applies under the reviewed deception classification: the skill explicitly disguises the origin of a voice. This is an interpretation, not a separately stated Ventriloquism bonus.

Art: Secondary Art is talented amateur work; professional quality requires scholastic training.

General Repair/Maintenance: Roll separately to diagnose the problem and to make the repair. After failure, at most two retries are allowed.

General Repair/Maintenance: Minor armor patchwork restores 2D6 S.D.C. under the source rule; equipment repair is not yet automated and does not change character starting S.D.C.

General Repair/Maintenance: Difficult items are extremely damaged, complex, high-tech or alien. That context halves normal capped proficiency exactly; fractional percentages are retained without invented rounding.

Photography: Still photography, lighting, camera equipment and film storage, development, enlargement and duplication.
