Shared grants occur once with the highest eligible program bonus. Universal Basic Mathematics receives its scholastic bonus once when selected in a supported program; this duplicate-grant reconciliation is an explicit implementation interpretation. Secondary selections never add an education bonus.

Business, Medical Assistant, Computer and Communications fixed grants/explicit alternatives, supported Secondary selections and two universal percentages are automated. Other programs, remaining skill catalogs, repeated-program category choices, Street literacy trades and advancement remain unfinished.

Universal Speak Native Language (+25%) and Read/Write Native Language (+20%) remain source guidance. Native speaking base is unspecified; educated native literacy is 98%, and Street Schooled literacy is 30% +2% per level unless trading a skill. Their arithmetic interaction remains pending. Education bonuses apply once to scholastic skills; I.Q. bonuses apply once to all supported skills. Ordinary proficiency is capped at 98%.

High School does not permit Business, Medical Assistant or Communications (original printed 45 / PDF 46, restriction item 1). Honor-system choices stay saved without an ineligible scholastic bonus. Earlier exact pins require an explicit reviewed update.

Paramedic treatment procedures remain source guidance: serious injury/coma uses two successes out of three checks; a failed attempt can be retried by another character or after six minutes concentrating. This creator displays proficiency, not an in-session treatment simulator.
