Combat conditions (Ultimate Edition pp. 341, 344-348, 361):

Shooting contexts are training examples; actual weapon modes, burst lengths, ammunition and capacity remain pending.

Gun shooting excludes P.P., general

hand-to-hand strike and strength damage

bonuses. Assassin's explicit gun-strike gains apply separately from W.P.; bursts halve only the W.P. contribution. Untrained shooters cannot make aimed shots.

Gun dodge requires seeing the attacker and knowing the shot is coming; subtract 10 within 10 feet or 5 within 50 feet. Athletics and hand-to-hand dodge bonuses do not apply to gunfire or energy blasts (p. 361).

Power punch uses two actions and doubles base dice before adding the normal-human strength bonus.

Other special hand-to-hand moves remain pending.

Hand to Hand: Expert: Body flip/throw costs one action; victim loses initiative and one attack. A successful roll with impact halves the damage.

Hand to Hand: Expert: Power Kick takes two actions, doubles base kick dice and adds P.S./Hand to Hand damage bonuses once (user-confirmed interpretation). It cannot
