Shared grants occur once with the highest eligible program bonus. Universal Basic Mathematics receives its scholastic bonus once when selected in a supported program; this duplicate-grant reconciliation is an explicit implementation interpretation. Secondary selections never add an education bonus.

Business, Medical Assistant, Computer and Communications fixed grants/explicit alternatives plus Physical/Athletic weighted choices, supported Secondary selections and two universal percentages are automated. Other programs, remaining skill catalogs, repeated-program category choices, Street literacy trades and later advancement remain unfinished.

Universal Speak Native Language (+25%) and Read/Write Native Language (+20%) remain source guidance. Native speaking base is unspecified; educated native literacy is 98%, and Street Schooled literacy is 30% +2% per level unless trading a skill. Their arithmetic interaction remains pending. Education bonuses apply once to scholastic skills; I.Q. bonuses apply once to all supported skills. Ordinary proficiency is capped at 98%.

High School does not permit Business, Medical Assistant or Communications (original printed 45 / PDF 46, restriction item 1). Honor-system choices stay saved without an ineligible scholastic bonus. Earlier exact pins require an explicit reviewed update.

Paramedic treatment procedures remain source guidance: serious injury/coma uses two successes out of three checks; a failed attempt can be retried by another character or after six minutes concentrating. This creator displays proficiency, not an in-session treatment simulator.

Physical/Athletic selects four weighted choices from the reviewed Physical catalog. Repeated-program remaining-category entitlements, other Physical skills and Physical Training power-category rules remain unfinished.

Prowl: Successful stealth avoids being seen or heard and permits a sneak attack. This creator displays proficiency; it does not resolve an attack.

Acrobatics and Gymnastics provide their own fallback Prowl checks or bonuses to acquired Prowl.

Climbing: Check Climbing once per 20 feet (6 meters) of vertical ascent. After failure, roll once more to regain grip; two successive failures mean falling.

Climbing: Rappelling is a separate proficiency for rope-assisted ascending and descending climbs, including walls, cliffs and helicopter descents.

Climbing: Neither check grants attribute, S.D.C. or combat bonuses. Secondary selections have no scholastic bonus.

Acrobatics: The level-one automatic kick does 2D4 damage, matching the ordinary Human kick shown in combat. Roll with impact +2 and P.S./P.P./P.E. +1 apply once. Recorded S.D.C. +1D6 survives removal and reselection.

Acrobatics: Select Acrobatics through Physical/Athletic. The book excludes it from Secondary skills; honor-system Secondary entries retain their eligibility warning.

Gymnastics: Gymnastics provides the named balance, parallel-bars/rings, rope-climbing and back-flip checks with their separate growth rates.

Gymnastics: Without ordinary Climbing, use the base climb ability of 25%; with Climbing, add 5% to that skill. This creator applies the skill bonus to both Climbing and Rappelling as an implementation interpretation. The separate Gymnastics rope-climbing check remains independent.

Gymnastics: Acrobatics and Gymnastics each add their bonus once to acquired ordinary Climbing/Prowl skills. When both are selected, use the best proficiency for each duplicated ability; never add their ability percentages or apply education twice. The shared-check view retains both source contributions and identifies the selected proficiency.

Gymnastics: The level-one automatic kick does 2D4 damage, matching the ordinary Human kick shown in combat. Roll with impact +2, P.S.+2, P.P.+1 and P.E.+2 apply once. Recorded S.D.C. +2D6 survives removal and reselection.
